

MARC 2016 HOLIDAY AND INSERVICE SCHEDULE

All MARC programs are closed on the following days.

Supported employees, please talk with your employer and MARC support staff to confirm your individual work schedule. Many supported employees choose to work in response to employer needs during inservice days or holidays. It is MARC policy to support individual choice of work schedule.

MARC is an Equal Opportunity Employer and makes every effort to recognize a diversity of secular and religious holiday staff schedules consistent with program needs.

New Year's Day	Friday	Jan.	1

Thanksgiving Holiday	Friday	Nov.	25
Christmas Eve Day	Friday	Dec.	23
Christmas Day	Monday	Dec.	26
New Year's Eve Day	Friday	Dec.	30

Please note that Monday January 2, 2017 is the 2017 New Year's Day holiday.

*MARC's policy on entire day closure due to inclement weather is as follows.

MARC East, West, South, RES, RAC only closes if the Madison School District closes

MARC Mount Horeb only closes if the Mount Horeb School District closes

MARC Stoughton only closes if the Stoughton School District closes

Sauk Prairie Project SEARCH only closes if the Sauk Prairie School District closes

Kalahari Project SEARCH only closes if the Baraboo School District closes

* MARC Inc. will determine whether to remain open or close early in extreme weather conditions when schools elect to offer late starts, early dismissals, and on days when the school districts are closed. MARC will notify news media and transportation providers of the decision to close, and work with care providers in stances of early closure.

For those clients whom MARC staff transports from home to MARC if their school district closes we will cancel transportation that day. An example of this would be that if Sun Prairie were to close, but Madison remained open the center is open, but we would not be providing transportation to the district that closes on that day. In this circumstance the residence has the option to bring a client in and pick them up at their regularly scheduled time.
