

How Will Your Gift Be Used?

The primary objective of the MARC Foundation is to build an endowment fund large enough to provide future income for MARC, Inc., and to hold real estate that benefit MARC's programs and clients. All gifts are safely invested to produce future income. All donations are supervised by the Board, its committees, and policies and procedures as required by law and best practices for non - profits.

Donors may specify the use of their donations or give to the Foundation as an unrestricted gift. Please inquire if you prefer to see your gift used for a specific purpose.

How can I give?

- I can give by check.
- I can give in installments.
- I can give property.
- I can give life insurance.
- I can give by bequest.
- I can give stock.
- I can give in-kind donations.

The heart of Human Services

What does MARC do?

MARC provides adults with developmental and intellectual disabilities vocational training and job coaching for employment in the community. Micro-enterprise services enable individuals with an entrepreneurial spirit to own and operate their own businesses. In addition, our center based day services include personal care, education, recreation, social interaction and integration, nutrition, and sensory stimulation and traditional therapies.

MARC's holistic approach is essential to the lives of more than 350 people with developmental and intellectual disabilities and the families and friends who love them.

Why a foundation?

The MARC Foundation of Dane County, Inc. exists to receive gifts and bequests intended to enrich the programs provided by the Madison Area Rehabilitation Centers, Inc. (MARC)

The MARC Foundation was incorporated in 1989 with assets slightly in excess of \$22,000 from gifts and bequests. Continued benevolence has resulted in assets at year end 2013 in excess of \$1.6 million.

The MARC Foundation is a formally established, legally registered, tax-exempt body entrusted with the careful administration of funds in keeping with the wishes of the donors and serving the needs of people with developmental disabilities.

The members of the MARC Foundation Board of Directors are elected by the MARC, Inc. Board of Directors and serve for overlapping terms of office.

Why give?

By giving you will feel the satisfaction that comes from knowing that you have taken action to enrich and improve the lives of people with developmental disabilities.

You can make a substantial bequest to the foundation without reducing your current income.

You can give more than you first thought possible because of tax deductions provided by both the state and federal governments. You can establish a trust program to benefit the foundation that assures regular income to you or your spouse for life, without concern about estate or inheritance taxes.

You can create a trust for your family member with a developmental disability and provide for a charitable remainder to benefit the foundation.
