

MARC Employee Referral Bonus

If the referred individual is hired, the referring MARC employee will receive a \$1000 bonus on the first payroll the referred employee begins employment. The referring MARC employee will receive an additional \$1000 bonus when the referred employee successfully passes the 6 month probationary period. The referral work must not be done on paid time.

2. Once hired by MARC the referred employee must successfully pass the probationary period.
3. Employee submitting for bonus must be employed by MARC during the same pay period as referred employee passes probationary period.
4. If 2 or more MARC employees make the same referral, the \$1000 will be split accordingly.
